## DEMOCRATIC COUNTY COMMITTEE.

The members of the Democratic County Committee will meet at the office of the *Democrat*, No. 10, on the 6th day of March, at 10 o'clock A. M., to elect one delegate to represent the Democracy of Adams County in the State Convention to be held on the second Tuesday of June; and one Senatorial and two Representative election tickets to be held at the call of the Chairman of the State Central Committee.

The presence of every member of the Committee is required.

W. A. DUNN, Chairman.

## A CAPITAL HIT.

Mr. Le Blond, of Ohio, made the best hit of the session in the House at Washington, on Thursday, by obtaining the floor and reading the following dispatch for the edification of the negro-suffrage party of that body:

**Contests, February 20.—In the House to-day, Boylston's resolution to strike out the word "white" from the Constitution was lost, after a long and hot debate, by a vote of 25 to 30.**

In connection with this, Mr. Le Blond also recd. a dispatch from New York, announcing that General Assembly of that State had voted against allowing impartial suffrage in the election of delegates to a State Convention for amending the Constitution. He congratulated his Democratic associates upon the fact that they had been sustained in opposing negro suffrage by the great States of New York and Ohio. The Radicals looked at each other, but had nothing to say.

The secret dislike felt by the Radicals for General Grant is shown by their treatment of his bill transferring the Indian Bureau from the Interior to the War Department. The public will remember the reports of Generals Grant, Sherman and Pope, showing the necessity for the change; the corruption incident to the present arrangement, and the exhibited feeling and wars with the Indians they produced. The bill was drawn up by Colonel Parker, the Indian chief on General Grant's personal staff. The general himself was on the floor of the Senate to urge its passage, yet it was defeated by a decisive vote. Clearly, the Radicals are not disposed to be amiable towards the head of the army.

**Jack Hamilton, "loyal Southerner," who prepares "reconstruction" bills for the Radicals of the Rump, once carried a free colored woman from Alabama to Texas and kept her as a slave and mistress until the legal authorities compelled him to release her. So changes a Federal army officer of character, in a letter which Senator Doolittle read to the Rump Senate, a few days ago. The writer pledges himself to produce the records of the fact, if required. This is the same Hamilton who was brought to Pennsylvania last fall, by the Radicals, to make votes for Geary and teach the people some "grand moral idea."**

**Let it be noted and handed down to posterity as long as the name of Washington may live, that a Rump Congress, sitting in the capitol that bears his name, and within sight of the very spot where Washington discharged the duties of the first President of the United States, not only did not, as a mark of respect to the memory of one to whom we owe so much, adjourn over the anniversary of his birth-day, but were actually legislating a military despotism over ten of the sovereign states of the American Republic. It was enough to make the bones of the heroes and sage shake in his coffin. *O tempora! O mores!* It argues ill for the fate of a people who forget the teachings and the example of the founder of their republican institutions.**

McConaughay made a speech, the other day, in which he spoke of the Democratic party as dead and buried with the routine. He seems to have forgotten that the Democracy gave him some hard kicks only a year and a half ago, when they beat him worse than any other candidate on the Republican ticket in his own county, and polled a majority against him in the district. It was only by one of the most shameless partisan outrages on record that he was taken out of the very wet ditch into which the people—the "dead and buried" Democracy—had vomited him.

It would be well for him always to remember how he got into the Senate. As "cheek" can't wipe that report out, prudence would suggest a little modesty whilst occupying a seat to which he has nothing but a bogus claim.

In Senator Graham's speech, (on the occasion of presenting a cane to Simon Cameron, on the 16th ult.) as it appears in Cameron's own organ, he said: "I knew that [Cameron] was in favor of negro suffrage in Pennsylvania as well as in the South." So, the truth is coming out at last. Although the Radical leaders knew Cameron's views before he was elected, they concealed the fact from the rank and file of their party until after Cameron's election.

The Harrisburg *Telegraph* expresses itself in favor of raising the license fee upon distillers from \$100 to \$1,000, because it "would tend to put the business in the hands of a class of men who, if they violated the law, would have something to lose." In other words, it desires to have the manufacture of liquor turned over to the wealthy class, entirely. This is truly a Radical idea.

On the 4th ult., the Democrats were gloriously triumphant in the other election at Burlington, Iowa, electing their candidate for Mayor by nearly 400 majority. The City Council will stand 9 Democrats to 3 Republicans. The Democrats had not intended making a party issue; but the Republicans forced it upon them, and the result is entirely safe, factory to the Democrats.

## THE SPRING ELECTIONS.

We trust our friends throughout the country will not fail to remember that the primary or spring elections transpire on Friday, the 16th of March. These elections are by no means of such small moment as many imagine, for upon the boards of election officers then chosen often hinge the important results of the October election. Just at this time, when Abolitionists have combined every influence within its grasp to control the ballot-box and prevent Democrats from exercising the franchise, it behoves every Democrat to be vigilant and at his post. See that reliable men are elected in every voting precinct; men who will look to it that no American citizen is restricted in his constitutional rights. Again we say, don't neglect the spring elections.

The Act of Assembly approved the 29th of March, 1866, requires the names of all the candidates to be printed or written, partly printed and partly written, on a single piece of paper similar to the tickets used last fall. In the townships, the tickets must be headed "Township," and the names of all the candidates follow, with the exception that "Borough" must be substituted for "Township," as we say, don't neglect the spring elections.
